AN INSURANCE EXPERIENCE BUILT AROUND YOU

National Interstate has been committed to the ambulance industry for more than 10 years. In that time, we have worked diligently to become a market leader known for providing truly innovative insurance products coupled with excellent claims and loss control services. As an all-line solution provider, we offer comprehensive coverage options such as Auto Liability (AL), Auto Physical Damage (APD), General Liability (GL), Professional Liability (PL), Property, Inland Marine, Workers Compensation, Excess, and Umbrella.

Launched in 2015, MEDIC®, our group rental captive program designed specifically for ambulance operations, gives its members the opportunity to receive premium back, along with investment income, without significant downside risk.

"We are proud of how MEDIC has grown and the stability it offers our membership. Moreover, our diverse portfolio of products and forward-thinking mentality has enabled us to become a trusted insurance provider to many of the best operators in the industry," said Jon Hicks, Vice President at National Interstate. "We see a long and bright future in the ambulance industry and look forward to delivering exceptional value to our customers each and every day."
